Welcome to the Nirmala College of Pharmacy! It is my privilege to serve as Principal for this amazing institution and the collection of faculty, staff, students, and alumni that make up the Badger pharmacy family. I invite you to explore the website and learn more about the college and our multiple important missions in research, teaching, service, outreach, and practice. You'll find a stunning array of faculty expertise, research, and M Pharmacy & B Pharmacy programs of enormous impact, an absolutely first-rate Pharm. D program and all built on a tradition of excellence. That tradition is very long indeed. We continue to build on those "firsts" with innovation, creativity, and a true sense of discovery, all aimed, in one way or another, at improving the health and life of the people of Wisconsin and beyond.

Myself working as a Principal & Professor in our esteemed college since May 2013. I have Twenty (20) years of Teaching and Research experience. I worked as Research Associate at Divis Research Centre (DRC) for 2 years 2 months and served as Assistant professor for 4yrs 2 months at KVSRR Siddhartha College of Pharmaceutical Sciences, Vijayawada, Andhra Pradesh, India and worked as Professor & Head about 4 years in our institution. I have contributed eighteen (18) patents in the field of Pharmaceutical Chemistry and filed 2 more patents to the Indian patent office, in Chennai. I have participated in 65 conferences and presented 22 research papers. I bagged five (05) prizes for oral and poster presentations. In my Professional career, I have guided 9 Ph.D, 46 M. Pharmacy, and 85 B. Pharmacy candidates in the form of projects. Presently guiding 4 Ph.D. and 5 M. Pharmacy and 7 graduation candidates. So far received research grants worth 85 Lakhs from Government-sponsored agencies such as AICTE, DST, ICMR, TB Association of India, etc., I am the reviewer for Springer, and Elsevier publishers to review research articles in the field of Pharmacy. Life member of APTI (Association of Pharmacy Teachers of India), IAO (International Accreditation of Organization), AIC (Associate in chemistry), and Associate Fellow of AP Academy of Sciences, Andhra Pradesh.

Whether you are a curious visitor, a prospective student, a potential new faculty member, or a proud alum, I encourage you to explore the website or visit us in person in our beautiful home, Rennebohm Hall. The door is always open. The momentum is building! I invite you to travel with us into our very bright future.
