

Vision & Mission

Vision

“Shaping the Pharmacists with scientific Aptitude and Social Consciousness” .

Quality consciousness, Creativity, Innovation, Sensitivity and Services are the wheels of the Institution. The combination of these values are the defining characteristics of the Institution. The College aspires to bring in holistic development of the students with integrated values aiming to excel in every field. We believe Educational Institutions have multiple roles to play. Hence Nir-mala develops a Scientific mind with social consciousness preparing the student a complete and perfect Pharmacist.

Mission

Integrity Through Teaching, Learning with Love and Service” .

The statement of our mission comes from the College motto “Love and Service” which calls us to the holistic development of the person with integrated values aiming to excel in every field. Nirmala College of Pharmacy focuses on seeking God in all things and working to expand knowledge in the service of humanity through learning Pharmaceutical Sciences with faith and trust.

Goals

- We aim at promoting the integral human development which entails the personal growth of the pharmacists.
- Success is the manifestation of good luck and result from inspiration, aspiration and preparation.
- Our institution was established with a great vision to provide quality education on par with global standards to the students from all over India and in particular those from local and rural areas.
- Our institution is maintaining high standards so as to make them technologically competent and ethically strong individuals who shall be able to improve the quality of life and economy of our country.

Objectives

- To produce Pharmacists who can lead extraordinary life in pursuit of truth, personal integrity, ethical behaviour and care for others.
- To achieve integrity through excellence in teaching, learning and research.
- To foster scientific aptitude and promote professional and technological expertise.
- To meet the challenges of a complex and modern society through informed social outreach.
- To empower students through knowledge and information on Pharmaceutical sciences.
- To promote leadership qualities among the students to become responsible citizen of our country.
- To promote environmental consciousness, cultural heritage, social, spiritual and human values.
