## National Road Safety Month Awareness - Report

- On this occasion of National Road Safety Month Awareness; Nirmala College of Pharmacy Students participated in Road Safety Rally conducted by Police department, Mangalagiri town on 20<sup>th</sup> January 2020.
- The Ministry of Road Transport & Highways observes the National Road Safety Week every year in the second week of January. However, in 2021 Government has decided to observe National Road Safety Month instead of National Road Safety Week.
- The National Road Safety Month will be observed from 18th January, 2021 to 17th February 2021. During this period Nation-wide various activities will be conducted throughout the country in association with the Central/ State Governments/ UT administrations, and other stakeholders.
- A total number of 48 students and three faculty members are participated in this programme.
- Students were given slogans about **Road Safety** through displaying the creative placards and the following points were covered through display boards and explained to the public.
  - Road safety continues to be a major developmental issue, a public health concern and a leading cause of death and injury across the world, killing more than 1.35 million globally.
  - Over 400 people are killed in road accidents every day and over 1,200 injured every single day in India.
  - Therefore, it is not surprising that India ranks first in the number of road accident deaths across the 195 countries and accounts for almost 11% of the accident-related deaths in the world.
  - The incidence of motor vehicle accidents increases sharply, especially with the students as the driver. Some causing factors of this accident are human error, problems on the vehicle, and environmental conditions.

National Service scheme programme Officer **Mr. Naresh Babu Rekha**, faculty member Mrs V Swathi are participated in this programme and guided the students.
