## 7.1.2 The Institution has facilities and initiatives for

- A. Alternate sources of energy and energy conservation measures
- B. Management of the various types of degradable and non degradable waste
- C. Water conservation
- D. Green campus initiatives
- E. Disabled-friendly, barrier free environment

## C. Water Conservation

The primary goal of water conservation policy is to provide safe and clean water in whole campus area. The college is implementing water efficient practices. Student and staff engagement play a major role in our water sustainability strategies. Reducing water consumption and protecting water quality shall be the key objectives of sustainable policy of College.

### Goals and plans:

- Maximize water use efficiency and minimize wastage of water.
- All existing buildings to be used for rainwater harvesting.
- Ensure awareness about the water conservation policy of the college among all the staff and students.
- Create awareness about the cost effectiveness of water conservation projects among students and local communities.
- Organize various outreach programmes under the leadership of NSS and departments.
- Promote students to monitor and collect information related to water bodies and their pollution of nearby areas.
- Inform, educate and increase the awareness regarding the importance of water to life and the need for conservation and efficient use of water.
